Northeast American]
newsletter
Volume 1, Issue 3, June 2009

Chairman's Chat *by Knut Johnsen*

My Dear Rotary Friends, Thank you to everyone for all the hard work given to support and promote our Rotary Leadership Institute program of Northeast America. It takes plenty of your time to assure the continued success of this fine training program – time, so precious for all of us.

In May 2009, the Steering Committee of NEA-RLI met and reviewed the preliminary results and evaluations from the 2008-2009 year. We can be pleased with the attendance numbers and the overall consensus from the participant evaluations.

Regarding the numbers – though we were forced to cancel several sessions and one site, we did approximate last year’s figures. This reinforces our belief in the importance of “local management”. The promotion and work done at the district level directly correlate with good attendance / good results. Where the District Governor and District Chair work together success prevails.

Evaluations from participants & faculty continue to reinforce our commitment to provide a quality product, a vibrant, factual, & timely curriculum, along with the best possible faculty. Evaluations are reviewed & where suggested, acted upon. We continue to discuss ways to share all the evaluations, yet have not found a vehicle to adequately facilitate this. Please know where necessary we do single out & address concerns.

Much work will be going on during the “off season”. Our Curriculum Committee joined several other Divisions for a meeting this past January, 2009.

Chairman's Chat *by Knut Johnsen*

In May 2009, curriculum changes for the upcoming year were presented. Our plan is to do what is necessary to ready the changes and roll them out for the start of the fall sessions. This means we will have training for new as well as seasoned faculty and of new printed materials, workbooks.

We will do our best to keep everyone abreast and have a flexible schedule to meet the needs of hopefully everyone’s busy calendar. I’ll let you in on a little secret – **NO MORE OVERHEADS - comes directly from the evaluations –and you thought we never looked at the evaluations – shame on you!! *(Con't on page 3)***

Chair's Chat *con't from pg. 1*

As many of you know, my assignment is easy, thanks to two special Rotarians, Ward Vuillemont and Tom Voorhees, (V & V - for Valuable & Valuable). The work of these two Key Officers assures us of a smooth running operation and I want to single them out and say thank you very much.

In conclusion I hope all will join us for the Annual Meeting Friday and Saturday, August 28 & 29, 2009 at the Ramada Inn, Newburgh, N.Y. Our full agenda includes curriculum and faculty updates, and several Steering Committee changes to be voted on.

Again, many thanks for another terrific year.
My Personal Best, Knut www.rlinea.com

Why RLI? ...The Mission

WHY RLI? The mission of Rotary Leadership Institute is to provide an educational opportunity for Rotarians identified as potential leaders by their club presidents.

Each club president is asked annually to nominate club members as potential club leaders (not necessarily future presidents) in the years ahead. As they change every year, Rotary needs a constant influx of club officers/leaders.

It is difficult at the club level to learn enough about the exciting world of Rotary and leadership skills in volunteer organizations are often different from business leadership skills.

Sharing Leadership June, 2009

ED's Report *Ward Vuillemont*

Another Milestone Passed: As summer arrives; we can look back on another fun filled, exciting and productive RLI year in the North Eastern Americas. It was a busy time for all of us and we can look back upon the year with a measure of satisfaction. However, it is time to not only reflect upon our successes, but also to also look back upon the lessons learned that help us address future challenges.

A few challenges I see from my point of view are: Public Relations – We were forced to cancel a few sessions due to poor participation. One of the primary reasons for this is we are not all doing an adequate job of promoting the events within our districts to our past and future participants. Those districts that have early, pro-active and aggressive promotion campaigns do well and tend to grow from year to year. History shows us successful RLI promotion is a year around activity that includes the DG and the RLI DC and their committees. Try it, you'll like it.

Planning for the Succeeding year: Planning for the following year must start early in the Fall of the current year. Practice has proven that “the early bird gets the venue of choice, as a reasonable price”, and with the least measure of hassle. I encourage all District Chairs and Regional Vice-Chairs to start this activity early, to avoid the many “time crunch” and other challenges that result from “last minute” planning practices. There are site selection and cost estimating tools in our website's Tool Box page specifically designed to assist in this process. And, if you try it, you'll find you like it as well. Looking forward to working with, and serving, you in the coming year.

by Ward Vuillemont, Executive Director
